

New Techniques in Integrative Functional Medicine

Friday, 26th September 2014 with Dr Robert Cass ND

Section 1	9:00 – 10:30	AM	Introduction The Legacy. An introduction to the field of natural medicine with historical perspectives and a vision of the future.
	10:30 – 11:00	AM	BREAK
Section 2	11:30 – 13:00	AM	BioEnergetic Medicine for the New Epidemics such as <i>Stealth Virus, Lyme, Autism, SMV-40</i> New breakthroughs in molecular nutrition
	13:00 – 14:00	PM	LUNCH
Section 3	14:00 – 15:30	PM	Prioritizing the Causal Chain within the Homotoxicological and BioToxicosis Processes
	15:30 – 16:00	PM	BREAK
Section 4	16:00 – 17:30	PM	Clinical Application of the Physica Energetics Remedies including the 21 New Remedies Specific application to questions and problems of the participants Review and close of the day

Section 1	9:00 – 10:30	AM	Introduction The Terrain: An overview of Biological Terrain Assessment and why it so important to clinicians with a focus on Naturopathic and Integrative Medicine
	10:30 – 11:00	AM	BREAK
Section 2	11:30 – 13:00	AM	In house/clinic laboratory testing for practitioners to collect data relating to <ul style="list-style-type: none">• Acid-base equilibrium• Specific mineral imbalances• Effects of stress on the body
	13:00 – 14:00	PM	LUNCH
Section 3	14:00 – 15:30	PM	In house/clinic laboratory testing for practitioners to collect data relating to <ul style="list-style-type: none">• Presence of abnormal metabolites in the body• Assimilation absorption, digestion and utilization of macro and micro nutrients• Overgrowth of abnormal bacteria in the digestive system
	15:30 – 16:00	PM	BREAK
Section 4	16:00 – 17:30	PM	In house/clinic laboratory testing for practitioners to collect data relating to <ul style="list-style-type: none">• Evidence of adrenal dysfunction• Presence of free radicals and increasing cellular stress connective tissue, etc...• Antioxidant status & oxidative stress in the body• and more! <p>Specific application to questions and problems of the participants</p> <p>Review and close of the day</p>

Section 1	9:00 – 10:30	AM	Introduction Dr Julia Hunter MD presents a doctor’s perspective on holistic health with an emphasis on integrating standard blood work/medical diagnostics and assessment methods from the naturopathic field of medicine with a special emphasis on management of hormonal imbalances using bio-identical hormonescont
	10:30 – 11:00	AM	BREAK
Section 2	11:30 – 13:00	AMcont <ul style="list-style-type: none">• What blood tests to order and how to interpret results• How to combine this data with other diagnostic results such as EAV• How to get patients on track with good nutrition• Protocols for prevention of disease• Why Bio-identical hormones over synthetic HRT?• Hormonal imbalances and how to correct them naturally• The importance of using “chirally correct” skin care products
	13:00 – 14:00	PM	LUNCH
Section 3	14:00 – 15:30	PM	Integrative Osteopathic/Naturopathic Medicine <ul style="list-style-type: none">• Bridging the gap between physical and bio-energetic patient assessment and treatment• Demonstration of AlfaSight 9000 Regulation Thermometry
	15:30 – 16:00	PM	BREAK
Section 4	16:00 – 17:30	PM	Open faculty panel discussion and Q & A session with Dr Robert Cass ND, Dr Stephen Atkins PhD, Dr Julia Hunter MD, Geoffrey Montague-Smith DO and other invited guests Review and close of the conference
